🔗 Portfolio

## SUMMARY

- Front-End Developer skilled in building responsive, accessible, and modern web applications using JavaScript, HTML, CSS, and Tailwind CSS.
- Experienced in implementing UI designs, optimizing layouts with Flexbox and Grid, and enhancing user experience with animations and interactivity.
- Adept at collaborating across teams, debugging complex UI issues, and continuously learning new technologies to stay up-to-date.

## TECHNICAL SKILLS

- **Languages:** JavaScript, HTML, CSS, Java
- **Front-End:** React, Tailwind CSS, Flexbox, Grid, CSS Animations
- **Tools & Platforms:** VS Code, Chrome DevTools, Netlify, Vercel, Git, GitHub, Postman, Jira
- **Testing:** STLC, Agile Model, V-Model, Defect Life Cycle, Test Plan Design
- **Concepts:** Responsive Design, UI/UX, Web Accessibility, Component Testing
- **Salesforce:** Experience with integrations and testing, including Slack workflows and automation

## PROJECTS

- YouTube Clone (HTML, CSS, JavaScript)  
Replicated YouTube's homepage layout with responsive design using Flexbox and Grid. Included hover effects and transitions to mimic interactive behavior.
- Gmail UI Clone (HTML, Tailwind CSS)  
Built a Gmail-style inbox layout using Tailwind CSS. Created reusable UI components with sidebar, action buttons, and consistent Google-style design.

## PROFESSIONAL EXPERIENCE

### RATTLE

📍 Bengaluru, India

### QA INTERN (FRONT-END FOCUSED)

📅 Apr 2024 – Nov 2024

- Conducted UI/UX testing for Slack and Teams integrations built with Salesforce, focusing on visual accuracy and user interaction flows.
- Wrote test plans to validate front-end components and workflows, ensuring seamless design behavior.
- Collaborated with developers to fix UI bugs and verify responsive layout consistency across platforms.

### ACER LABS INC

📍 Noida, India

### JUNIOR ENGINEER

📅 Jul 2022 – Dec 2022

- Worked on backend integration for Conditional Access System (CAS), gaining exposure to system architecture and user access control flows.
- Automated firmware tools and collaborated with UI teams for installation interface testing.

## EDUCATION

B.TECH IN COMPUTER SCIENCE & ENGINEERING (GPA: 84%)

DevBhoomi Institute Of Technology

📅 July 2022

DIPLOMA IN INFORMATION TECHNOLOGY (GPA: 77%)

Government Polytechnic

📅 June 2019
